SUMMARY

Aspiring Full Stack Developer with hands-on experience in building scalable web applications using Next.js, React.js, Node.js, Express.js, and MongoDB. Skilled in creating interactive frontends, robust backends, and implementing authentication systems using NextAuth. Proficient in real-time communication with WebSockets and passionate about delivering impactful solutions.

PROJECTS

CareerPulse -Resume Builder with AI Assistant Chatbot

- Developed a resume builder website to help users create professional resumes using **Next.js** and deployed it on **Vercel**.
- Integrated **Google Sign-in** authentication using **NextAuth** and used **MongoDB** to store signed in users.
- Incorporated the **Cohere AI API** to build an intelligent chatbot that answers resume-related queries.
- Added Career Resources Hub for users to explore career transitions and online degree courses.
- Live Project: [CareerPulse - Vercel](#)
Github Code: [CareerPulse - GitHub](#)

HealthConsult – Frontend UI for Virtual Health Consultations

- Created a responsive frontend UI for a platform offering virtual health consultations with doctors using **React.js** and **Tailwind CSS**.
- Developed pages displaying available doctors, along with a dashboard showing patient medical history, upcoming appointments, and messages from doctors
- Implemented a Book Appointment feature allowing patients to select name, date, doctor, and specialty and designed a sign-in page with email and password feature.
- Live Project: [HealthConsult-Vercel](#)
Github Code: [HealthConsult - GitHub](#)

EDUCATION

Bachelor of Technology in Computer Science Engineering

Amity University

📅 2022 - 2026 📍 Noida, Uttar Pradesh

STRENGTHS

Problem Solving

Excellent at troubleshooting and remediation

Technical Proficiency

Proficient in JavaScript, React.js, Next.js

SKILLS

HTML

CSS

JavaScript

React.js

Next.js

Tailwind CSS

Express.js

MongoDB

TypeScript

Node.js

Socket.io

REST APIs

KEY ACHIEVEMENTS

CyberCup (Hackathon Win)

Deployed the project using AWS EC2, set up Nginx logs for monitoring, and created a robust backend with Express.js APIs

Technical Communication for Engineers Certification (NPTEL)

Completed **Technical Communication for Engineers** enhancing professional and technical writing skills.
